Outline

1 Lists in Beamer

2 PROGRESS

Lists in Beamer

This is an unordered list:

- Item 1
- Item 2
- Item 3

and this is an ordered list:

- ① Item 1
- ② Item 2
- ③ Item 3

Progress so far...

Theoretical Background

Studied about FEM and its applications

Problem solving and identification

solved various problems manually and continued working on truss.

Implementation And Analysis

implemented in python in multiple attempts and analyzed.

Class Implementation

custom class in jupyter notebook for nodes and matrices.

Mechanical Approach

followed joint and sectional method and verified .

Visualization

code for visualizing any problem given the coordinates.
